Secrets of Insurance Coding for Smoother Claims Processing/What Every Dentist Should Know About Dental Insurance Coding

Gary Dougan, DDS, MPH, Speaker

About the Speaker . . .

Gary Dougan, DDS, MPH, has served as Dental Director or Clinical Director for 5 different dental plans, and currently is National Dental Director for MetLife, the largest stand-alone single entity dental carrier in the US, with large multi-state DHMO and DPPO networks providing dental coverage to millions of

Americans.

Over the past 17 years, Dr. Dougan has worked for dental plans and other organizations as a quality management specialist. He has performed hundreds of professional reviews of dental offices, reviewed thousands of claims, and is affiliated with various professional and community organizations. He has been involved in dental insurance plan design, policy setting, regulatory compliance and grievance resolution for clinical and administrative member grievances and provider disputes. Dr. Dougan practiced general dentistry for over 20 years in Oakland, California.

Dr. Dougan is a graduate of Georgetown University School of Dentistry, Washington, DC. He completed a Master of Public Health Degree at UCLA, and a hospital dentistry residency at the Los Angeles County

- University of Southern California Medical Center. He is active in "organized dentistry," and is a past President of the Alameda County Dental Society, its charitable Foundation, and is Trustee of the California Dental Association (CDA). He currently serves as Chair of the CDA Leadership Development Committee, and chaired the last 2 CDA Leadership Education Conferences in Beverly Hills and Los Angeles.

About the Program . . .

Course Objectives

- the latest ADA CDT codes effective in 2011
- proposed codes under consideration in 2013 and recent changes in the code revision mechanism
- the top 10 reasons claims are rejected by dental carriers and how to prevent this
- defensive charting - being prepared to justify your case
- some background as to why dental benefit plans behave in a certain way
- recent developments in data analysis used by dental insurance plans
- various dental plan policies
- common aspects of fraud and abuse
